Geriatrics

ANNUAL INDEX

Index to GERIATRICS *Volume 49 / January through December 1994*

Subject Index

A

Adrenal disorders
  tests to give (Jul) 32
Aging
  physical aspects (Feb) 45
  psychological aspects (Mar) 45
  successful (Apr) 41
Alzheimer's disease
  research (New Frontiers) (Jul) 47
  patient management (Aug) 20
  apoE, risk factor (editorial) (Aug) 10
American Federation for Aging Research
  influenza vaccines (Jan) 47
Angina
  unstable, how to manage (Oct) 49
Anticoagulation
  in atrial fibrillation (May) 24
Asthma
  new insights in management (Nov) 20
Assessment
  geriatric (Jan) 27
  functional (Jul) 38
Atrial fibrillation
  reducing stroke risk (May) 24
Audiology
  age-related hearing loss (Aug) 40

B

Back problems
  vertebral compression fractures (Feb) 22
  low back pain, diagnosis (Sept) 48
Bell's palsy
  acute facial paralysis (Apr) 50
Benign prostatic hyperplasia (Jul) 24
'Blue toes'
  making the diagnosis (Dec) 37

C

Cancer
  basal cell carcinoma (Mar) 39
Cardiology
  hypertension, first-line therapy (Apr) 22
  atrial fibrillation (May) 24
  unstable angina (Oct) 49
  extended hormone replacement (Dec) 20
Cholesterol
  new lipids guidelines (May) 35
  lipid disorders, part 1 (Oct) 33
  lipid disorders, part 2 (Nov) 52
Continuing education
  geriatric assessment (Jan) 27
  physical aspects of aging (Feb) 45
  psychological aspects of aging (Mar) 45
  successful aging (Apr) 41
  common foot problems (May) 43
  communication disorders (Jun) 51
  functional assessment (Jul) 38
  age-related hearing loss (Aug) 40
  age-related vision changes (Sept) 37
  detecting malnutrition (Oct) 39
  'gerodesign' (Nov) 45
  making ethical decisions (Dec) 46

D

Dementia
  vascular (Jan) 39
  memory loss (Mar) 45
  Alzheimer's (New Frontiers) (Jul) 47
  patient management (Aug) 20
  Alzheimer's, ApoE (editorial) (Aug) 10
Dermatology
  basal cell carcinoma (Mar) 39
Diabetes
  tight control (Jun) 24
Disability
  vertebral compression fractures (Feb) 22
Drug therapy
  vertebral fractures (Feb) 22
  pneumonia (Mar) 24
  hypertension, first-line (Apr) 22
  atrial fibrillation (May) 24
  lipid disorders (May) 35
  diabetes, tight control (Jun) 24
  benign prostatic hyperplasia (Jul) 24
  Alzheimer's disease (Aug) 20
  renal disease (Aug) 33
  medication changes (Aug) 48
  avoiding drug reactions (Sept) 28
  Parkinson's disease (Oct) 14
  unstable angina (Oct) 49
  lipid disorders (Nov) 52
  estrogen replacement (Dec) 20
  influenza, antiviral agents (Dec) 30

E

Endocrinopathies of aging (series)
  diabetes (Jun) 24
  adrenal disorders (Jul) 32
  lipid disorders, part 1 (Oct) 33
  lipid disorders, part 2 (Nov) 52
Estrogen
  extended replacement (Dec) 20
Ethics
  tough calls (Dec) 46

F

From the Trenches
  'geriatric party animal' (Aug) 53

G

Geriatrics Advisor
  acute facial paralysis (Apr) 50
  when medications change (Aug) 48

H

Healthcare reform
  Ira Magaziner (Mar) 60
  Deep cuts for Medicare (Sept) 54
Hearing loss (Aug) 40
Hip fracture
  physician's role (Apr) 31
Home health care
  chronic lung disease (Feb) 27
Hypertension
  first-line therapy (Apr) 22

I

Infectious disease
  influenza vaccines (Jan) 47
  pneumonia (Mar) 24
  pneumococcal vaccine (editorial) (Nov) 9
  influenza A (Dec) 30
Influenza
  vaccines (Jan) 47
  using antiviral agents (Dec) 30

K

Kidney disease
  see renal insufficiency

L

Lung disease
  home oxygen (Feb) 27

M

Meeting Highlights
  American Heart Association (Jan) 55
  American Geriatrics Society (Feb) 52
  American Geriatrics Society (Aug) 51
  Alzheimer's Disease (Dec) 54

N

New Frontiers
  influenza vaccines (Jan) 47
  Alzheimer's research (Jul) 47
News Closeup
  Ira Magaziner, healthcare (Mar) 60
  healthcare reform (Sept) 54
Nursing homes
  patient restraints (Jun) 43
  controlling influenza (Dec) 30
Nutrition
  loss of appetite (Mar) 54
  detecting malnutrition (Oct) 39

O

Ophthalmology
  low vision, referral (May) 50
  low vision, emotional impact (May) 53

Geriatrics

O

Ophthalmology
  low vision, referral (May) 50
  low vision, emotional impact (May) 53

uveitis, systemic causes (Aug) 27
age-related vision changes (Sept) 37
Orthopedics
hip fracture (Apr) 31
Osteoporosis
vertebral compression fractures (Feb) 22
hip fracture (Apr) 31
extended hormone replacement (Dec) 20

P

Pain
low back pain, diagnosis (Sept) 48
Parkinson's disease
diagnosis, therapy (Oct) 14
Patient education handouts
What is a stroke? (Jun) 41
Hormone replacement (Dec) 25
Pneumonia
community-acquired (Mar) 24
Podiatry
geriatric foot problems (May) 43
Preventive medicine
hypertension, first-line therapy (Apr) 22
avoiding drug reactions (Sept) 28
Prostate
benign hyperplasia (Jul) 24
Pulmonary disease
home oxygen (Feb) 27

R

Renal insufficiency
new therapies (Aug) 33

S

Sexuality: Love and sex after 60 (3-part roundtable)
physical changes (Sept) 20
impotent older man (Oct) 27
sexually-active older woman (Nov) 33
Stroke
vascular dementia (Jan) 39
atrial fibrillation (May) 24
ischemic and TIA (Jun) 37

U

Urology
incontinence (Feb) 35
benign prostatic hyperplasia (Jul) 24
impotence (Oct) 27
Uveitis
systemic causes (Aug) 27

V

Vascular disease
'blue toes' (Dec) 37

Author Index

A

Ackerman, Richard J.
Adrenal disorders: Know when to act and what tests to give (Jul) 32
Ahronheim, Judith
Vascular dementia: Updated approach to patient management (roundtable, part 3) (Jan) 39
Anderson, Eric G.
Will, the 'geriatric party animal' (Apr) 53

B

Bandman, Elsie L.
Tough calls: Making ethical decisions in the care of older patients (Dec) 46
Barrett-Connor, Elizabeth
see Langer, Robert D.
Bennett, David A.
Alzheimer's disease: A comprehensive approach to patient management (Aug) 20
Blackshear, Joseph L.
Making the diagnosis when the patient has 'blue toes' (Dec) 46
Brown, Dale F.
Diabetes: 'Tight control' in a comprehensive treatment plan (Jun) 24
Brungardt, Gerard S.
Patient restraints: New guidelines for a less restrictive approach (Jun) 43
Burke, James F. Jr.
see Michael, Beckie
Butler, Robert N.
Vascular dementia: Updated approach to patient management (roundtable, part 3) (Jan) 39
Geriatric education lags while need grows (editorial) (Jan) 13
Baby boomers: Aging population at risk (editorial) (Feb) 13
Long-term care: Finding the 'missing piece' (editorial) (Mar) 12
Where is geriatrics? (editorial) (Apr) 11
Why can't men be more like women? (editorial) (May) 11
Tax check-offs for the NIH? (editorial) (Jun) 9
Social welfare's five-legged stool (editorial) (Jul) 13
ApoE: New risk factor for Alzheimer's (editorial) (Aug) 10
Love and sex after 60: How physical changes affect intimate expression (roundtable, part 1) (Sept) 20
Love and sex after 60 (editorial) (Sept) 10
The ageless right to privacy (editorial) (Oct) 9
Love and sex after 60: How to evaluate and treat the impotent older man (roundtable, part 2) (Oct) 27
Pneumococcal vaccine is worth a shot (editorial) (Nov) 9
Love and sex after 60: How to evaluate and treat the sexually-active woman (roundtable, part 3) (Nov) 33
Excuses, excuses: The research paradox (editorial) (Dec) 9
Byers, Karin
see Finestone, Albert J.

C

Campbell, Douglas Jr.
see Whitson, Brian
Cannava, Eugene
'Gerodesign': Safe and comfortable living spaces for older adults (Nov) 45
Capello, Carol
see Fillit, Howard
Carter, Tanya L.
Age-related vision changes: A primary care guide (Sept) 37
Chapman, Karen M.
Loss of appetite: Managing unwanted weight loss in the older patient (Mar) 54
Chimowitz, Marc I.
see Poole, R. Michael
Clark, Lynne W.
Communication disorders: What to look for, and when to refer (Jun) 51
Cohen, Marc D.
see Blackshear, Joseph L.

D

Dalen, James E.
Atrial fibrillation: Reducing stroke risk with low-dose anticoagulation (May) 24
Dunn, James P.
Uveitis: Role of the physician in treating systemic causes (Aug) 27

F

Farber, Harrison W.
see Tarpy, Stephen P.
Fillit, Howard
Making geriatric assessment an asset to your primary care practice (Jan) 27
Vascular dementia: Updated approach to patient management (roundtable, part 3) (Jan) 39
Finestone, Albert J.
Acute facial paralysis: Is it a stroke—or something else? (Geriatrics Advisor) (Apr) 50
Fishman, Paula
Detecting malnutrition's warning signs with simple screening tools (Oct) 39
Fletcher, Donald C.
Low vision: The physician's role in rehabilitation and referral (May) 50
Freidenberg, Judith
Fighting influenza: Stronger vaccines are researchers' goal (New Frontiers) (Jan) 47

G

Gamble, Cory L.
Lipid disorders: When—and why—you should treat at-risk adults (part 1) (Oct) 33
Lipid disorders: Tailoring diet and drug therapy for individual needs (part 2) (Nov) 52
